

INNOVATIVE & CUSTOMIZED SOLUTION FOR ALL BUSINESS VERTICALS

KNOW ABOUT US!

Dependable, Honest, Reliable Partner for your business

IBox Infocom Pvt. Ltd. designs and deploys next generation infrastructure where security and technology converge onto single platforms. Our engineering capabilities include all aspects of security and IT systems design, integration, installation and maintenance. This has allowed us to become a single point of contact for turn-key solutions for end users.

We are the authorized channel partner of various world class brands, which enables us to offer our services within a specific time frame.

Mission

"To remain at the edge of innovation and always deliver customized, high-quality, turnkey solutions at optimal cost."

Outstanding quality is our expertise. We take pride in selecting unique, leading, globally proven technologies and integrating best-breed products using our "always open platform" philosophy for deployments. As systems evolve, scalability, customization, and flexibility of integration into emerging technologies are a must.

Vision

The true measure of our success is the growth we have experienced in delivering results to our clients for more than a decade. Our team's unified sense of direction, rewarding career opportunities, and balanced lifestyle attract and mentor the most passionate and highly skilled professionals in the industry.
